Dear Joseph George

On behalf of the international scientific program committee of the tenth European Conference on Atoms, Molecules, and Photons (ECAMP10) we have the pleasure to invite you to attend the ECAMP10 Conference.

ECAMP 10 is organized in Salamanca, Spain, and the conference dates are July 5-9, 2010. The ECAMP conference series is tri-annual, it started in 1982 and the two preceding conferences were held in Rennes, France in 2004 and in Hersonissos, Crete, Greece in 2007.

The international scientific program committee consists of the board of the Atomic, Molecular, and Optical Physics Division (AMOPD) of the European Physical Society (EPS). ECAMP typically attracts 500-600 participants and it is the official AMO conference of the Division. Regularly updated information on the conference, the venue and the facilities is available at www.ecamp10.com.

We hope that you will be able to make it to Salamanca.
Welcome to ECAMP10 and Salamanca!

A handwritten signature in black ink, appearing to read 'Fernando Martín', is written over two horizontal lines.
